

About Us.....

SCA was founded in 2004 by James M. Galligan, retired U.S. Army Chief Warrant Officer who completed his military service as a vital member of Secretary of Defense Dick Cheney and Chairman Joints Chief of Staff General Colin Powell's security detail during Desert Shield/Storm. James continued to instill the same guiding principles and team methodologies he gained from serving his country to grow SCA. Today, SCA operations are managed by professionals with decades of business owner based knowledge serving the federal government and DOD agencies. Our goal: to provide quality support and business solutions directly or through our select Veteran Owned and Small Disadvantaged Business Strategic Partners and at the same time create jobs and training for American Veterans "We Will DO What Has To Be Done and We Will Not Leave Our Brethren Soldiers Behind".
